Great....

Let me know if we need to change, CRC would make it work.

Hi Travis,

David was able to reschedule his other meeting and will be able to make the 2pm time. Sorry for the confusion, talk soon!

Hi Travis,

David had a meeting come up at 2:00pm that he has to attend. Are you available to meet and discuss the projects at 1:30pm instead? Sorry for the short notice!

Elise

Elise,  
I scheduled the discussion for Monday (as you may have seen).

Please feel free to pass onto others that you feel should be included.

Thanks,  
TMH

Hi Travis,

Thanks for getting back to me and for getting those files to Shari.

A discussion would be great. Do you have a 30-minute window available Friday 4/22 from 12:00 – 2:30pm or Monday 4/25 from 12:00 – 3:30pm?

Would it be okay to include other members of our Class VI team? I'm not sure if these future projects will be assigned to me, it will depend on workload at that time so it may be good to have other team members on the call if you are okay with that!

Please let me know if you have any questions.

Elise,  
Week is off to a great start.....Just another week in paradise. Hopefully you had a good easter weekend.

I will make the documents available to Shari Ring by the end of the business day.

In addition, is it best to set up a short discussion with yourself and David to address the upcoming projects?

Many thanks,

TMH

Hi Travis,

I hope your week is off to a good start! We have started to review the information for the A1-A2 project that was submitted to the GSDT 3/31/2022. Could you please make the following documents available to Shari Ring (Cadmus group)?

- AoR and Corrective Action Plan: Appendix 1\_AoR Well Table, AoR and Corrective Action Plan
- Appendix 2\_AoR CA\_Abandonment Well Plugging Plans
- Testing and Monitoring Plan: Appendix 1\_Monitoring Well Schematics.

I also noticed two new projects submitted in the GSDT, the [Ex. 4 CBI] Storage Project and [Ex. 4 CBI] Storage Project. Could you provide a brief project description for these and the estimate timeline for submitting an application? This will help us in our planning process. If you would like to discuss or have any questions please feel free to reach out.

Thank you,

Elise Nord
